2000-2001 SOCIAL PROGRAMS

March 15, 2001 – Lauderdale/Hollywood Int'l
Airport Update

April 19, 2001 – FDOT I-95 Update

May 17, 2001 – Lunch With Dennis Daughters, P.E.

June 21, 2001 – Induction of Chapter officers

July 2001 – Off-Summer Break

August 2001 – 85th FES Annual meeting

Note: The Broward Chapter Board will meet on the
first Thursday of each month.

If you are a new member, and have not attended an
FES meeting or function yet, we are eager to meet with
you .

You will be able to meet your peers and stay informed.
Come Find out how much FES has to offer.

WATERWAY CLEANUP

The FES Broward Chapter has taken the opportunity
to participate in one of Broward County's
premier volunteer efforts. Waterway Cleanup
2001 happens on Saturday, March 31, 2001.
Come out and have fun and show your support.
Also, the Broward Chapter Board has elected to
Be one of the event sponsors.

ASCE Florida Section, East Central Branch

If you've already registered for the ASCE, Florida
Section, East Central Branch, Water Resources
Group 17th Annual Seminar, your early
registration has really been appreciated.

We still have about 35 seats left, so if you've not
registered, please fax your registration in today to
reserve your seat. Of course, late registrations
will be accepted through 3-23-01, but why wait?

E-Week a Big Success!

If you did not attend the E-Week Banquet this year, you missed out on an evening of dinner (the food was great), dancing (can you believe how many people were out on the dance floor?!?!), and a great time with our members (plenty of old friendships were renewed and some new friendships started)!

This year's scholarship was raised to \$2500 for a student entering an College engineering program. Through the banquet, we raised over \$2500 which will go toward the scholarship program and will also help to support the MathCounts program.

At the banquet we awarded Kathy Hui the distinction of the Chapter's "Young Engineer of the Year". We also had a few big surprise announcements throughout the evening, including Glenn Humphrey of Montgomery Watson as the Chapter's "Engineer of the Year", Ben Chen of Chen and Associates as our nomination to the State for a membership status of "Fellow", and Peter Sheridan of the City of Fort Lauderdale as "Most Active Chapter Member".

Along with Peter's distinction, we gave special recognition to his team at Fort Lauderdale for their outstanding efforts in putting together the Chapter's E-Week presentation. Bob Clapp, Rob VanCott, Dane Esdelle, and Cara Jean Nielson were in attendance and each received a gift from the chapter in recognition of their efforts. The E-Week presentation was a power point presentation about engineering that was brought to various high schools throughout Broward County (with a special focus on those in the Fort Lauderdale area or those with engineering related programs). This was a fantastic opportunity to get into the schools and demonstrate to the students the great opportunities the engineering profession can offer. The twist this presentation provided was that it covered many of the different disciplines, not just focusing on the one discipline of the engineer making the presentation. It was a rewarding experience for the presenters and the students!
